

Microsoft Azure ExpressRoute Site Live on MEGA Campus

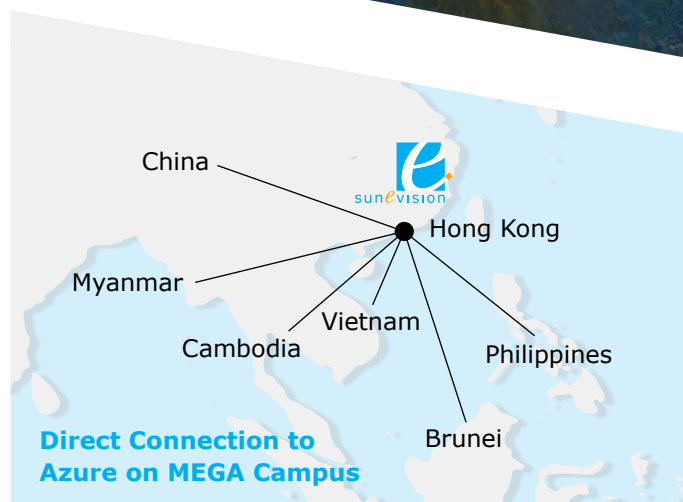

More Direct ▪ More Diverse

Enabling True Resilience and Seamless Cloud Connectivity

With the new Microsoft Azure ExpressRoute site on MEGA Campus, enterprises can now directly and privately connect to Microsoft Azure in MEGA-i, either through an onsite PoP or via telco partners, managed service providers or cloud exchange platforms available on MEGA Campus. The Azure ExpressRoute connections do not go through the public internet.

Leveraging the strong connectivity on MEGA Campus and Hong Kong's strategic position as a regional information hub, this Azure ExpressRoute site will enable customers in the city, mainland China and Asia to enjoy:

Greater Resilience

Create diversified connections for enriched availability, recovery and business continuity

Enhanced Security & Network Performance

Directly and privately transfer volumes of data and latency-sensitive applications to and from Azure within MEGA-i

Seamless Cloud Experience

Establish private access for cross-region users of Azure in Hong Kong and Azure in mainland China, leveraging the network-dense ecosystem on MEGA Campus

Increased Flexibility

Flexibly connect to Azure through an onsite PoP or a variety of telco partners, managed service providers or cloud exchange platforms

Direct Regional Connectivity

Enable enterprises from neighbouring Asian countries to directly connect to Azure at MEGA-i for seamless Azure experience

Extended Cloud Connectivity

Create connections to Azure by deploying in other data centres on MEGA Campus which are interconnected by a dedicated dark fibre network, MEGA Connect

About SUNeVision

SUNeVision (SEHK: 1686), the technology arm of Sun Hung Kai Properties (SEHK: 0016), is the largest data centre provider in Hong Kong. We provide industry-leading carrier and cloud-neutral data centre services with global top 10 connectivity. We connect providers of telecommunications, cloud, ISP, CDN, OTT from local, mainland China and global with enterprises of different businesses on our Asia leading data centre ecosystem.

About MEGA Campus

SUNeVision forms MEGA Campus by extending the connectivity edge from highly connected MEGA-i to other high-tier data centres, including MEGA Two and MEGA Plus.

Facilities on MEGA Campus are interconnected through high-performance dedicated fibres and more than 14,000 cross-connects.

Together with City PoPs of major submarine cables in our facilities, we enable our customers for direct connections to multi-cloud platforms and multi-cloud exchanges with the best connectivity in town. We are committed to supporting Hong Kong as a regional information hub and a strategic gateway to mainland China.
